18. Sunday – Sunday Service: we meet from 9 – 11.30 at the Hosanna Center in Niamey. More than 200 people are gathering and each Sunday we can welcome guests and more often, new names are added to the book in heaven! PRAISE GOD!

19. Monday – Terrain for Wodaabé-Centre: THANKS for your prayers. The drilling team from the states could drill a well and found water. Now our local team will set the pump. After that, a latrine needs to be built. PLEASE pray for funds!

20. Tuesday – Containers: In February a Container from our Partner Helping Hands, Germany, and beginning of March a Container from Operation Blessing finally arrived. THANKS GOD everything arrived well and the unloading and stocking happened very safety and without any accident!

21. Wednesday – Container: The container from Helping Hands was bought and is now installed as a tools container and teaching room at Sarando church! Pastor Jon is overseeing this!

22. Thursday – Women in ministry: We are very thankful for the women in our Hosanna Centres, who have the gift of leadership. We are working on a concept, to support them spiritually and if possible with support to start a ministry or business to serve and be a model to other women. PLEASE PRAY for this!

23. Friday – Private TV Station: We are thankful for the director of CBN USA ([Christian broadcast network](#)) and their program manager, who spend some days with us End of January to get to know Hosanna personally and to visit some of OBI projects. Praise the Lord, all went well.

24. Saturday – SCOUTS: We are very thankful, that we could start last month with the training of young people, to be leaders in a christian scout ministry for children and youth. We will call it: “Jeunes visionnaires” (Young visionaries). Please pray for the whole program we are setting up and that this ministry will be blessed and can be a model for other churches as well.

25. Sunday – New believers: Last month we could baptize 7 new believers. Please pray for their spiritual growth and physical protection.

26. Monday – Radio Fidelity: This is the 3rd month that we are on air with Radio Fidelity. We are thankful for Christoph from Poland, a Radio program specialist and Helmut from Germany, a sound engineer, who spent some time with us, to improve the set up of the station and to train local people. THANKS for your continuous prayer for this ministry, which demands a lot of knowledge and wisdom!

27. Tuesday – Maternity at Hosanna Clinic in Kollo: We are very thankful for the training a German paediatrician could do at the Hosanna Clinic. During 3 days, the mid wives were trained how to handle emergencies during and after delivery. This saved already one baby life. PRAISE the LORD!

28. Wednesday – Maternity: We are still very limited at the clinic in regards of the maternity facility. For the moment, we have only 1 room for consultation and delivery, which is way too small, to handle up to 20 deliveries per week and do all the regular pre- and after care consultation. PLEASE pray that the necessary funds for new constructions will come in!

29. Thursday – Need for extra facility at Hosanna Clinic: For the moment, we do not have the appropriate facility for cooking, food storage and the laundry at the Hosanna Clinic. Please pray for this need. Below: Women waiting in the maternity with their children for a vaccination.

30. Friday – Food Banks: We started with the set up of Food Bank Nr. 16 - 20 in cooperation with our Partner AlpenSolar, Germany. Please pray, that we can handle very fast (as for the moment, Niger is facing famine) and that we can help, to fight the food insecurity and that people can stay in their village, as they will find food and seeds with the food banks.

31. Saturday – WATER: We are thankful for all wells that could be drilled in January and finished in February and March. We also got a donation to buy water pumps. This will help the women of Sarando to get enough water for the animals and to water their garden. THANKS GOD!
